

## FM017b – 5 Hour AFV Workshop

### Alternative Fuel Vehicles Workshop

**FLEETMASTER  
GROUP**

### Course description

The 5-Hour Alternative Fuel Vehicles Workshop is accredited by the NRI and allows Category B Drivers to operate Alternately Fuelled Vehicles up to 4.25 tonnes.

The training meets all of the required standards to drive utilising the current Category B derogation rules.

The course covers multiple aspects of AFVs, including the safe, efficient and general day-to-day operation of them.

### Who is the course for?

Vehicle operators wanting to drive an Alternately Fuelled Vehicle up to 4.25 tonnes with a Category B Driving Licence.

Those wishing to expand their knowledge on Alternative Fuelled Vehicles, the safe operation of them and the efficient operation of them.
