

NRSWA

UNIT TWO

FLEETMASTER
GROUP

COURSE OBJECTIVES

The Street Works qualifications are delivered through approved assessment centres, where delegates are required to demonstrate to their assessors that they have the necessary knowledge, understanding and skills to carry out the performance criteria specified in the standards for each unit they wish to achieve.

COURSE CONTENT

Unit 2 covers signing, lighting and guarding of work sites. An understanding of the relevant legislation applicable to transport regulations is included in the course.

Also included are safe working practices, local authority notice periods and interpretation of plans, site assessments and erection of traffic signals.

Delegates will have the skills and knowledge to be able to gain a qualification under NRSWA and carry out their duties safely where the erection of temporary signs, guards and traffic lights are required.
